PVC Magic Tape is a finishing material for heat or cold resistance of which the functions may be taken lightly, but it can prevent big accidents such as fires that are directly related to human life. Its features are non-flammability, outstanding tensile strength, tearing strength, elongation, durability, weather protection and clarity etc., the properties for fire protection.

### **◆ Application**

- Finishing material for piping of water, gas, oil, steam, heat and cooling system

### **◆ Technical Data**

Tensile Strength : 196 kgf/cm<sup>2</sup>  
Elongation : 30 %  
Tearing Strength : 72 kfg/cm  
Flammability : VTM-0

### **◆ Product Colour**

- Blue, Red, Grey, Green, Yellow, Beige, Black, Light Red, White

### **◆ Standard Size**

<b>Product Code</b>	<b>Size (Wmm X Tmm X Lm)</b>
MT-100-Colour	100 X 0.15 X 15
MT-150-Colour	150 X 0.15 X 15

-> Other size can be available on request.

◆ All manufacturing and quality control processes for our company conform to ISO 9001:2008.
